15<sup>th</sup> September 2014

Dear Millers Oils,

Thank you for the supply of your CFS 0W30 NT and CFS 0W20 NT engine oils for our Formula 3 engine project. Your help has been extremely important in allowing us to achieve our performance targets.

Despite trying several brands, we have found your oils to be at least the equal of, and usually superior to, any other oil we have tried in this project. Component wear has been minimal and performance excellent in every test despite the very high stresses involved. We push the oil to the limit of its specifications but it never fails to perform.

I hope that we can continue to work together in the future to maintain the performance of our engines.

Yours sincerely,

Neil Brown
